A VIEW FROM THE CHAIR

Good evening and welcome back to the Moat Ground. Tonight, we host Kimberley Miners Welfare, and we extend a warm welcome to everyone associated with them on their visit to South Derbyshire for this evening's UCL Premier Division North clash.

Saturday's thrilling 4-4 draw at Newark gave us plenty of positives to build on, but it's fair to say the result left us feeling a little deflated. After being 2-0 and 4-2 up, conceding two late goals (in the 89th minute and then in stoppage time at 90+5) was a tough pill to swallow. Speaking to a few of the lads afterward, the result felt more like a defeat given the way it unfolded, although before kick-off, we probably would have taken a point.

Our next two home matches present a great opportunity to get our season back on track. On Saturday, we face Deeping Rangers, who are currently bottom of the table, and with tonight's opponents also below us, it's tempting to hope for two positive results.

However, we've struggled against teams in and around us, so nothing is a given in football!

On a brighter note, our U18s have had a fantastic start to the season, particularly in the FA Youth Cup. They've advanced through four rounds already, and on Thursday, they travel to Newcastle Town for the third qualifying round—the furthest our youth team has ever gone in the competition.

Fingers crossed the lads can keep the momentum going and make the club proud as they aim to go even further in the competition.

Thank you, as always, for your unwavering support of the club.

Up the Rovers!
Gaz

Football can be so frustrating. We were just a minute or so from claiming a remarkable three points away at one of the league high-flyers and we conceded a goal meaning we had to settle for a point.

Most of us Rovers supporters would have gladly settled for a share of the spoils before the game as Newark are on a remarkable unbeaten run of 13 games unbeaten in all competitions so credit to them, they are a pretty useful outfit.

And so it proved when they clawed themselves back twice from a two goal deficit.

With a little more luck we would have scored a fifth before they started their fight back. Jamie Sleigh was adjudged to have been offside when there was a defender very nearly standing on the goal line.

That was just one of the "interesting" decisions from the officials. Another was flagging offside as Sleigh ran from behind his marker - not impressed!

There were too many of those sorts of decisions and to be fair, for both sides. I'd forgotten about the sin bin until Alby was given a ten minute break for pushing away a defender who was backing into him at a corner.

You see that almost in every game on Match of the Day and even wrestling the opposition away but the referee never seems to take any action. For me the sin bin is a bit of a waste of time and debatable if it should be got rid off. For the final few minutes Newark

threw everything except the kitchen sink at our defence and they were struggling to clear the ball. If only someone could have put a big boot on the ball and lumped it way down the pitch and into the corners, but that's easy for me to say.

Still overall it was a very good performance from Rovers and anyone at the game would surely have seen the signs of us starting to get into some sort of form.

What we don't want tonight is another 'after the lord mayors show' performance. We need to start to string a few winning games together.

You're probably hearing a lot about raising money to purchase a mini bus for the club. The costs of travelling away to games for all our teams is getting more and more expensive so having our own transport would be a great help.

We are looking for donations and especially from local businesses. We have some brilliant supportive sponsors who give generously so hopefully we could get a few new ones.

Please look out for and support if possible the fund raising events which will be coming up in the next few weeks.

I don't like to mention it but Christmas is looming large on the horizon and I'd like to remind you that if you are thinking of purchasing any Rovers items especially replica shirts we have a few in the shop. These are on a first come first served basis.

If you do not have the size you require you will need to order

on line via the link on the club website.

The window is open now and will close on 20th October to enable your order to be delivered by December.

There are not just replica shirts on the website but also training garments. Keep looking as there will be new items added soon.

SIN BINS

Temporary Dismissals - otherwise known as 'sinbins' - are mandatory for acts of dissent across all of grassroots football.

HOW DO YOU FIND YOURSELF IN THE SIN BIN?

Players will only go into the structure for dissent locations.

For use of words, gestures, squinting or undermining the referee's decisions.

EXAMPLES OF DISSENT:

Shouting at the referee, questioning the referee's ability, slumping the ball into the ground and deliberately clapping a decision.

DURATION OF A SIN BIN

For matches of 90 minutes, players spend 10 minutes in the sin bin.

For matches of all other lengths, players spend 8 minutes in the sin bin.

If the sin bin period has not expired at the end of half-time, continuous into extra time, extra time players can participate in the penalty shoot-out.

THE MATCH DAY PROCESS

Dissent

Dissent caution: Referee issues a Yellow Card and shows the player to the touchline.

While in the sin bin, if the player commits a Yellow or Red Card offence they are sent off and cannot be substituted.

A player can only return to the field of play with the referee's permission at a message in play.

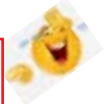

If a player receives a second Yellow Card for any type of offence, they will be shown a Red Card and dismissed from the field of play.

Sin bins only apply to a player's first Yellow Card. If they receive a second Yellow Card they are dismissed from the field of play.

Offensive, insulting or abusive language and/or actions is still a Red Card offence!

You've probably noticed the new artwork up on the top wall. Brightens that part of the ground up

Man-of-the-Match
Sandiacre Game
Harrison Solomon chosen by
the Gresley Rovers
Supporters Club

MEET THE GRESLEY LADS

Jack Andrews - Left sided central defender Andrews was a young professional at Nottingham Forest and counts Boston United, Eastwood, Quorn and Basford United among his former clubs.

Louis Anthony - Central defender Louis Anthony arrives at the club from Stone Old Alleynians. Louis has impressed in both of the club's friendly fixtures so far in pre-season and has looked a big, strong, physical presence. Louis has good experience at the level and is a very solid addition to the developing squad.

Nathan Banton - Defender now in his second season with the club signed from Kimberley MW.

Fin Barker - Barker has signed for the club following a brief spell at Rovers early last season on loan from Solihull Moors. Despite a quite sensational debut performance at The Moat against Boldmere St Michaels, his loan spell was brought to a premature end by a nasty concussion suffered in the following game. Finn now links up with the club full time having moved away permanently from Solihull.

Alex Britton - Locally based player joins the club from divisional rivals Heanor Town, where he has been a mainstay in their side for the past few seasons. Britton, a former youth player at Burton Albion, had a brief loan spell with Gresley Rovers many years ago. His addition will bring valuable defensive stability and know-how to the club's young, attack-minded squad.

Eli Christie - Young defender recently signed from Grantham Town.

Jenson Cooper - The striker

joins us from Shepshed Dynamo for a second spell at the club. He was part of last season's squad for the latter end. Other clubs include Belper United, Redditch United, AFC Rushden & Diamonds, Walsall Wood and Shrewsbury Academy.

Ethan Goodfellow - Young player who has come through the Youth and Reserve ranks.

Ste Hart - Forward Ste returned to Gresley in the summer. He is a big impact player and well known for a thunderous shot and accurate long passing.

Dylan Hunniford - Young youth team graduate Dylan is an exciting prospect who has made a notable impression. We are expecting further development from Dylan and believe he has a bright future at the club. Was voted supporters' player of the year 2023-2024.

Ryan King - Kingy might just be the most naturally gifted at the club but unfortunately for him, injuries and misfortune have not been kind to him. He still has a little while to get back to full fitness, but the prognosis looks good.

Alby Lansdowne - Another local lad who is popular with the Moat faithful returns to the club after a break.

Kane Lee - A local lad who needs no introduction. Lee returns to the club after brief spells at Loughborough Dynamo and AFC Wulfrunians.

Jake Meakin - Young midfielder signed in close season.

Will Robinson - Defender recently signed from Sherwood Colliery.

Jamie Sleigh - Jamie Sleigh returns from Heanor Town with an incredible goal-scoring record, having netted 155 goals in 185 appearances. Jamie was disappointed by his short stint last term due and is eager to make a significant impact at the club.

Harrison Solomon - Defender Former Derby County u21 player who has just returned from a scholarship in the USA

Jacob Sturgess - Midfield. Another experienced player who names Belper Town, Bedworth United, Kettering Town, Carlton Town, Kidsgrove Athletic, Burton Albion as former clubs.

Louie Turner - Goal keeper recently signed from Shepshed Dynamo

Charlie Wood - Young keeper who signed in the close season. from Uttoxeter Town.

MEET THE GRESLEY LADS cont

Management

Carl Abbott (Manager) Former central defender as a player who played in the Midland Alliance for Sandwell Borough, Halesowen Harriers and Alvechurch before moving into management at the age of 28 following serious injury. UEFA B coaching award holder who enjoyed a lengthy and hugely successful period as manager of Wolverhampton Casuals which saw him land the much sought-after Hinckley job. Another lengthy spell linking up with Paul Tomlinson yielded strong league campaigns, cup wins, and significant FA Cup and FA Vase runs, before a step up in levels with Market Drayton Town, Quorn, Evesham United and AFC Wulfrunians.

Paul Tomlinson (Assistant Manager) Former professional player with Sheffield United who was once subject of a transfer approach from 'big' Jack Charlton when manager at Newcastle United. Played for

Stafford Rangers and Halesowen Harriers before moving into management and coaching. Previously Assistant Manager at Alvechurch, Halesowen Town and Evesham United, before linking with a former player of his in Carl Abbott, and subsequently becoming his long-term number two through lengthy and hugely successful spells at Hinckley, Quorn, Market Drayton Town and a second spell with Evesham United.

Jess Wainwright (Physio)

Owen Barry (Coach)

Craig Hill (Goalkeeper Coach)

Focused sponsor is Colliery Lane Lodges

Everybody is in need of a break and in a few months, we hope to be able to get some normality back, please consider Colliery Lane Lodges in Linton as they have a fantastic set up ideal for the family – Discuss with Pete Robinson for more detail,

KIMBERLEY MINERS WELFARE HISTORY

Kimberley Miners Welfare Football Club was formed in 1926, one year after the opening of the Miners Welfare. Early years was spent playing at the Mill Field, approx 1/2 mile North of Digby Street. In 1932 KMWFC moved to the new recreation ground, Digby Street, situated adjacent to Digby Colliery and its cricket ground. Initially, Digby Street was solely a playing field with teams changing in Tommy Bird's (pronounced Tommy Bod's, in the local dialect) front room.

It was a lengthy walk, for players and officials to Digby Street, because Tommy lived in a house supplied for workers, on site, at the Giltbrook Leather Works. In the late 1950s, changing facilities moved, to the Miners Welfare Bowling Alley underneath the building, which meant an even longer walk for players and officials! KMWFC have played at Digby Street for 81 years but, it hasn't been continuous.

The club played at the Wolsey Sports Ground for 1 season, 1974/75 (situated where Sainsbury's Car Park now is, in Kimberley Town Centre), because the construction of the new A610 Eastwood and Kimberley Bypass took away part of the ground and made it unusable. 1982 was a key year in the history of the club as the present chairman Neil Johnson took on the role of chairman from his father. It wasn't until the 1995/6 season that changing facilities were provided on the ground. A £7,500 grant from the National Lottery, and an equivalent generous donation from Chairman Neil Johnson, enabled the club to buy, transport and erect, the unwanted changing rooms from Calverton Cricket Club.

This was around the time of the club's most successful period on the pitch under the leadership of Paul Horry. Kimberley won all 4 trophies available to them. Paul Horry left and was replaced on a caretaker basis by Steve Hobster. Don Munn took charge before the appointment of George Hulley. The joint management of Alf Stacey and Steve Towle took charge in the early 2000s.

The pair resigned a few years later when Kimberley then turned back to the successful George Hulley who remained in charge until 2014, standing down following the club's best season in a decade, finishing runners up in the Notts Senior League and gaining promotion to the East Midlands Counties League, the highest level the football club have ever played at.

In 2014 KMW appointed Paul Rawden and Dino Labbate as the club's new first team management. In the summer of 2015 the club made a number of changes of the pitch with Brian Franks and Malc Burton as well as the appointment of a New Secretary and Development Officer. In September 2015 Paul Rawden resigned his position and was quickly replaced by ex Ashby and Stapenhill Manager Tony Hemmings.

Despite a positive start results turned and club parted company with Hemmings. Club Captain Martin Lench was appointed as Manager along side the long serving Andy Miller until the end of the season.

The duo retained the club's EMCL Status. In June 2016 Welfare announced the appointment of Ian Deakin as joint manager along side Martin Lench. Deakin joins the club with vast experience of non league football as the club look to reach the FA Cup for the first time in their history, developments to allow to the club and town to fulfil its potential.

The aim was met as Deakin stood down as manager. The club turned to the vastly experienced team of Andy Alls, Luke Humphreys and John Humphreys to lead the club in the 2017/18 season. In April 2018 Alls stepped down due to personal reasons and the club turned to Luke Humphreys with the support of John Humphreys and Tim Lee to see out the season. Humphreys was given the job on permanent basis and he brought in former Borrowash and Holbrook Manager Marko Markelic as joint manager ahead of the 2018/19 season.

The management team resigned at the end of the season to move to pastures new. In May 2019 the club appointed the team of Anthony Ward and Graham Furnell from Basford United to take charge of first team affairs. From the 2021/22 season the club have moved to the United Counties Football League. The 2021/22 saw the club become Champions of the United Counties League Division and as such gain promotion to the United Counties Premier League, the highest level of football in the club's 96 year history. The club also smashed our previous record attendance with a crowd of 742 against Nottingham Forest U23s in the Notts Senior Cup.

NEWARK TOWN MATCH REPORT

This game had almost everything, eight goals, a disallowed goal for an offside which wasn't, the woodwork struck, and a penalty saved.

There was a good following from Gresley who would have been extremely happy with a point before the game but travelling home later it must have felt like a defeat as Rovers were a minute or so of taking all three points off another highflying side.

Rovers started well and were in front on 9 minutes. A cross to the far post eventually was cleared to Jamie Sleigh who hit a superb side volley which beat home keeper Jake West all hands down. It got even better 7 minutes later when Ryan King's quick break saw him lay the ball on for Kane Lee who took his chance well to beat West.

On 29 minutes the home side were handed a lifeline as the referee awarded a very soft penalty. Alby Lansdowne was adjudged to have pushed a Newark player as he backed into the Rovers player at the near post awaiting a corner. To make things worse Lansdowne was sent to the sin bin for 10 minutes. However, justice was seen to be done as keeper Louie Turner saved the resulting penalty kick by Matty Clark.

Newark went close to reducing the deficit a couple of minutes later with Ryan Rushden heading over a simple chance from another corner.

Just before the break Newark did reduce their deficit when a long throw to the far post was headed home by Louis Czerwak. Four minutes later they were level when Rushden, left in acres of space, headed powerfully home from just inside the box.

The home side were celebrating clawing their way back into the game when Lee fought for the ball over in the right corner before sending over the perfect cross for Louis Anthony to head home. Newark looked shellshocked as the whistle ended the half.

Rovers made two changes for the start of the second half with Alex Britton replacing debutant Eli Christie and Jacob Sturgess, Jake Meakin.

Another chance for Rovers came on 49 minutes with Lee trying another of his long-range lobs which flew just over the bar with West well out of his goal. But Rovers didn't have to wait long to regain their two-

goal advantage again. Sleigh played an inch perfect through ball slicing the Newark defence in half for King to run onto and he coolly finished slipping the ball past the onrushing West.

Rovers should have extended their lead when Sleigh netted the ball from close in but the officials made a very dubious decision deciding he was offside even though a defender was standing on the goal line at the far post. Sleigh was devastated and very angry to have been denied a perfectly good goal which would have put his side three goals in front.

On 67 minutes Newark went close with an almighty scramble in the Rovers box but somehow the ball stayed out of the net. A minute later Rovers made another change with Jenson Cooper replacing King.

Rovers were having the better of the chances with Lee firing narrowly over from the left, Fin Barker hitting his shot straight at West and Sleigh volleying wide and then straight at the keeper.

Newark went close themselves with a shot blazed over when well-placed and Smith crashing the base of the post. On 89 minutes substitute Cooper was inches away from scoring denied by the toe of West's outstretched leg as the front man burst forward.

For the final few minutes Rovers were having to repel a heavy onslaught on their goal but unfortunately for them their defence was breached on 90 minutes when Joe Braithwate managed to find the back of the net and just when Rovers thought they were home and hosed the home side scored an unlikely equaliser.

Instead of hitting the ball as far from their goal as possible Rovers were struggling to clear it and a cross was headed home in the fifth minute of added on time by Ryan Smith with his teammates and supporters celebrating like they'd just won the title so was their relief of snatching a point at the end.

Anyone witnessing this game as a neutral would have been hard pressed to have know which team was at the top end and which was at the bottom end of the table with nothing to separate them in the end.

At the United Counties Football League,
we believe in making football everyone's
game

MINI BUS FUNDRAISING APPEAL

We are excited to announce the launch of an important fundraising campaign to purchase a much-needed minibus for the club. This initiative aims to provide reliable transportation for all of the club's various teams, as well as support community outreach efforts.

"Many clubs at our level of football have access to their own minibus, and as a board, we've been discussing for a while how great it would be to find a way to fund one of our own," said club Chairman Gary Norton. "Given the tight finances that are common for non-league clubs, we don't have the funds to pay for this ourselves, so we've decided to give a fundraising approach a try."

Currently, the club's various squads, including the First Team, Reserves, U18s, Ladies, Development, and Girls teams, rely on individual lifts when traveling to matches. This places a significant burden on players, parents, and club volunteers. By acquiring a dedicated minibus, the club can help improve these logistics and ensure our teams can focus on performing at their best.

Beyond benefiting the players, the minibus will also strengthen the club's ties with the local community. When not in use by the teams, the minibus will be available to support community initiatives, such as providing transportation for local youth groups, elderly residents, or those with limited mobility. This will make the club's resources more accessible and inclusive for the people of Gresley and surrounding areas.

The fundraising goal is set at £10,000, which will allow the club to purchase a suitable used minibus that can accommodate players, equipment, and additional passengers. This investment in the club's infrastructure will have a lasting impact, enabling Gresley Rovers Football Club to better serve its players and the wider community for years to come.

Over the coming months, the club will be hosting various fundraising events to support the minibus campaign. The club kindly asks for the support of the local community, supporters, volunteers, and local companies. Donations of any size will contribute towards making this minibus a reality and improving the experience and accessibility of Gresley Rovers Football Club.

"Together, we can ensure our teams have the resources they need to succeed on the pitch and our community has access to a valuable asset," added Norton.

For more information and to make a donation, please visit the justgiving page via the link

<https://www.justgiving.com/crowdfunding/gresleyroversfcmibus>

SOUTH DERBYSHIRE BOXING ACADEMY

We have 2 buildings for our club, one with a full sized boxing ring which is great for sparring. This has a mezzanine floor above that overlooks the ring with various exercise equipment including bikes, rowers, treadmills, weights etc. Suitable for all ages of all abilities. The second building has various punch bags hanging and wall mounted perfect for getting plenty of bag work and a very large floor area for pad work, skipping, weights, cardio based exercise and much more. Anyone is welcome whether its to box, train or keep fit and exercise.

COMMERCIALLY SPEAKING

Corby & Brian

We welcome Kimberley Miners Welfare to the Moat Ground tonight and hope you have a good journey home afterwards.

You will have hopefully have seen our appeal to crowdfund for a mini bus for the clubs various teams use. If you can donate please do, if you have a mini bus, you could loan the club, even better.

The new club sponsorship brochure is now available to download on the website and hard copies are available from the club. Please look at how you can help.

We are especially looking for more advertisers in the programme. It is a great way to advertise your business and get new people involved.

There are plenty of opportunities for match sponsorship at the moment. Come have a great day out at the Moat, 10 tickets, name on the programme, social media exposure, drinks in the directors box and a great day out.

We still have players & board members that are looking for sponsors and if your player leaves we will rotate to a new player for you as well.

If you are a business owner, why not get a board around the ground? Advertise your business here at the Moat.

Please keep an eye out on our social media for a new platform that will help you do online

purchases of games, player sponsorships etc.

Hopefully some of you listened to the Sports Brew? Hope you enjoyed it and happy to take on any questions and we are also looking for a sponsor for the show?

So let me know if you are interested don't forget just google Burton Radio and you will find us or use the link on the club website.

Don't forget easy crowdfunding when making those online purchases, every bit helps,

Any queries about sponsorship opportunities just give us a shout at the club and we will get in touch with you asap.

Midland Football Alliance Gresley Rovers 2 - 2 Causeway United Hard Earned Point For Gresley

Manager Gary Norton had to make changes again to his starting eleven as injuries and absences took their toll.

New signing Michael Nottingham came in to partner Lee Barrow at the heart of the defence and Jordi Gough made an unexpected start after Adam Betteridge succumbed to an injury in the warm-up.

Richard Hanslow, who had missed the previous four games replaced the injured Royce Turville playing alongside Rob Spencer up front. Another new signing from Mickelover Sports Kyle Bryant took a place on the bench.

Both managers would have left this game thinking they could or rather should have taken all three points but to be honest a draw was probably the right result in what was an entertaining game with both sides playing good fast moving football.

Causeway showed why they are high-flyers in the league with Aaron Lloyd firing wide early on. Gresley replied with a good move as Marc Goodfellow picked out Matt Hill who in turn found Spencer who put his header over the bar.

The visitors took the lead on 12 minutes when Danny Priest got the better of Hill near the left bye-line and then somehow managed to fire his shot across Gresley keeper Gary Hateley and into the far bottom corner of the net.

Gresley hit back almost immediately with Hanslow making a good run into the area but his shot was palmed away by United's keeper Tom Turner for a corner. From the corner the ball eventually came to Hanslow whose low shot into the area Nottingham stretching put the ball over the bar.

The home side drew level on 27 minutes. A great ball from Gareth Langford found Mickey Lyons over on the right and his cross was powerfully headed home by Hanslow from 7 yards.

Six minutes later Gresley took the lead when a powerful low shot from Spencer was flicked over the keeper by Hanslow.

As was expected United came back with Priest hitting the far post but their equaliser wasn't long in coming.

Craig Gregg was left to run into acres of space down the right easily beating the offside trap and his cross was smashed past Hateley by Sam Beasley.

Gresley were denied from taking the lead early in the second half when Gough's run down the left ended with a shot that Turner pushed away to his left. Goodfellow was quick to react hitting a volley that crashed against the junction of bar and post.

Another chance came for Causeway but after making a great run into the box and getting into a very dangerous position Lloyd decided to do too much and Hateley denied him blocking his shot with his legs.

Gresley's defensive frailties were beginning to show themselves again and Adam Meacham was allowed to run through the middle but the finish was poor firing well over the bar. Minutes later the Gresley back line was again sliced in two very easily this time by Lloyd but his shot was deflected away for a corner.

Lyons had a golden opportunity to give his side the lead once more when Hanslow's shot was blocked and bounced out to the midfielder who disappointingly ballooned his shot from a good position over the bar.

Gresley didn't seem to learn from their earlier defensive errors and a clever ball lifted over the backline saw Gregg race onto the ball before hitting a shot into the side netting much to the relief of the home supporters.

The hard working Spencer also crashed a shot into the side netting but the visitors could have snatched all three points deep into time added on when Rob Blair headed Bearsley's corner narrowly wide.

1 Gary Hateley, 2 Matt Hill, 3 Jordi Gough, 4 Lee Barrow, 5 Michael Nottingham, 6 Gareth Langford, 7 Mickey Lyons, 8 Marc Goodfellow, 9 Richard Hanslow, 10, Rob Spencer, 11 Tom Betteridge

SANDIACRE TOWN MATCH REPORT

Gresley Rovers 5 - 0 Sandiacre Town

On a horribly wet evening at the Moat Ground, Gresley Rovers strolled into the next round of the Derbyshire Senior Cup.

Rovers started well with Jamie Sleigh having a blistering shot tipped over the bar by visiting keeper James Roffey followed by Alby Lansdowne putting his effort wide of the post.

More pressure from the home side saw Jenson Cooper put through on goal but was denied by the legs of the keeper. Finlay Barker was causing problems for the visitors, and he went close cutting in from the left before having a shot well saved by Roffey but their was no stopping Rovers seconds later when Barker made another fine run down the wing and put a low cross into the box which slipped home at the far post to give his side the lead.

Rovers almost doubled their advantage on the half hour mark. A cross from the right was fumbled in the box by Roffey and not cleared leaving Sleigh to smash his shot goalwards only to see the ball crash off the near post.

A rare attempt by Sandiacre from Yaya Dembele needed to be dealt with by Rovers' keeper Louie Turner who blocked the shot at the near post.

Sandiacre made several changes at the start of the second half, but it was still Rovers having the better of the play with Kane Lee forcing a good save from Roffey. Goal number two was the result of some good play from Rovers. Dylan Hunniford bursting run through the middle saw him pick out Sleigh to his

right who in turn put the ball low across face of goal and Cooper was on hand to slam the ball home at the far post.

On 54 minutes Sandiacre went close with Farbod Yousefi forcing a save at Turner's near post. Harrison Solomon was making run after run down the right and went close firing across the face of the goal.

A couple of minutes later the lights went out as an area power outage put everywhere in darkness. When the power resumed Rovers made several changes and they continued the pressure on Sandiacre and that pressure paid off as a result of another good run down the right and the ball played into the area for substitute Ethan Goodfellow to run onto before beating the keeper with his well struck shot.

Goal number four came from the penalty spot after Barker was upended in the area giving the referee no option but to point to the spot. The kick was taken by Sleigh who powered his shot straight down the middle giving Roffey.

Barker, who had caused the visiting defence problems, got a goal himself on 82 minutes making a blistering run from the left and ending the move with a well struck shot past Roffey.

With the game almost at an end the visitors had a couple of chances to decrease the deficit with Prestyn Moore's well stuck shot coming off the bar and a corner from the left to substitute Limar Carlin who back heeled a clever flick that just flew the wrong side of the far post.

Good evening all and welcome to The Moat for tonight's game. Hopefully now as the squad begins to settle and the stadium ban of Thommo has been lifted we can now start to galvanise and push on. Today's visitors sit one place above us having played less games and have only lost three games to date.

We will be hosting a Ghoulish Bingo on October 19th following the Deeping Rangers game. All prizes will be paid out in cash and all proceeds go direct to the club. So come and join us for a night of entertainment regardless of age. There will be plenty for the children to do whilst the adults have their eyes down for a full house. The following event will be the Christmas Fayre and we are on the lookout for stall holders, regardless of what you sell you will be made more than welcome at our event.

The Supporters Club football team will play Briggs on November 3rd at The Moat Ground with a 15:00 kick off. It is free entry, and you are all welcome to get behind the

team. The bar will be open as you will definitely need a drink after watching us play. We are also training every Thursday at Greenbank starting at 8pm. This gives us a chance to have a good laugh and run about.

September's club draw took place last Saturday and was our best one yet. We had 140 players and the payouts were huge, with Harrison Solomon taking home the top prize of £350.

We are also looking for fresh ideas to support our fundraising, if you have something that you'd like to see us do from Santa Fun Run to Bingo please let me know and we will plan it where possible.

Up The Rovers

Club Draw for September

**£350 - 124 Harrison
Solomon**

£150 - 6 Ray Lock

£75 - 64 Russ Roome

£75 - 39 Matt Wildsmith

£50 - 91 James Smith

We continue to search for more entrants to hit our 150 players by the end of the season. For £10 a month you are in with a chance to win fabulous monthly cash prizes. The next draw will be October 26th following the Skegness game.

MEET THE UCL

The United Counties League covers an area including the English counties of northern Bedfordshire, northern Buckinghamshire, most of Cambridgeshire, southern Derbyshire, southern Leicestershire, most of Lincolnshire, western Norfolk, Northamptonshire, southern Nottinghamshire, northern Oxfordshire, Rutland, eastern Staffordshire, eastern Warwickshire and eastern West Midlands.

It has a total of five divisions, three for first teams and two for reserve teams, but the reserves' divisions were merged into a single division for the 2013–14 season and remains so at present. Clubs in the Premier Divisions are eligible to enter the FA Cup in the preliminary round stages. The clubs in the league are eligible for the FA Vase, and there are knockout cups for the Premier/Division One clubs and for the Reserve Divisions clubs.

History

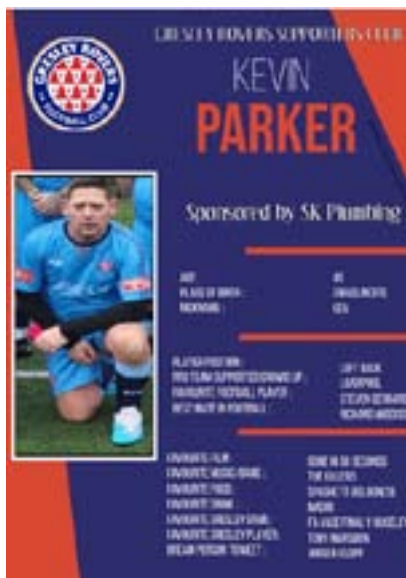

The United Counties League was formed in 1895 as the Northamptonshire Junior League, dropping the 'Junior' one year later. It took its current name in 1934 as teams from other counties had long since been a part of the league. Over the years the UCL has 'united' teams from Northamptonshire, Rutland and Bedfordshire with those from parts of Buckinghamshire, Cambridgeshire,

Huntingdonshire, Leicestershire, Lincolnshire and even Norfolk.

Northampton Town joined the league in 1897 and became champions in their second season before moving up to the Southern League. They would become the league's first former member to reach the Football League in 1920. In 1900 Bedford Queens became the first club from outside the county to join the league. The Football Association announced on 12 April 2021 that United Counties League would administer a new Step 5 division since the 2021–22 season after the scheduled National League System restructure had a one-season postponement due to the COVID-19 pandemic.

Step 5

The league has two divisions at level 9 (step 5) of the National League System (NLS). Member clubs take part in cup competitions organised by the county FA to which they are affiliated and other cup competitions. The north division has 20 clubs, feeding into the Northern Premier League Division One Midlands and East. The south division has 20 clubs, feeding into the Northern Premier League Division One Midlands and Southern Football League Division One Central.

Deeping Rangers (h)
Saturday 19th October - 3pm

The last we played Rangers at the Moat was on 13th November 2021 which ended in a 1-1 draw. Ste Hart equalised with a trade mark rocket in the second half.

Skegness Town (a)
Saturday 26th October - 3pm

Vertigo Stadium,
Wainfleet Road,
Skegness,
Lincolnshire, PE25 2EL

Travel Time: 2hrs 30mins
approx

Bourne Town (h)
Saturday 2nd November - 3pm

The league cup result at Bourne is one to be forgotten.

It would be good to right the wrong as they visit the Moat Ground, their first visit since 11th March 1961

Heanor Town (h)
Saturday 16th November - 3pm

We first played Heanor Town way back on 2nd November 1895 in the FA Cup (English Cup) 2nd Qualifying Round over 125 years ago!

We lost the game 4-0.

The first league game was on 4th February 1922 in the Central Alliance. This one we won 4-1 with goals from Warren, Baylis 2 and Kendall.

GRESLEY ROVERS HISTORY

Gresley Rovers were formed in 1882 in the small mining village of Church Gresley, which is near to Swadlincote - the biggest town in South Derbyshire.

Their first ground was at Mushroom Lane in Albert Village a mile or so from Church Gresley and they played mainly friendlies and cup games for ten years before joining the Burton Junior League for the 1892/93 season. They won their first league title in the 1894/95 season eleven points clear of their nearest rivals in the Burton Junior League.

Rovers moved from the quaintly named Mushroom Lane ground (which they shared with the local cricket club Mushroom Lane CC) to the newly acquired Church Street Ground in time for the 1895/96 season. They stayed at Church Street till near the end of the 1907/08 season when they had to move as the land was required for building and moved across the road onto the newly acquired Moat Ground - the ground they still play on today.

Six seasons from 1985/6 Gresley finish 4th, 4th, 2nd, 3rd, 1st and 1st. During that period they also won the Derbyshire Senior Cup on four successive occasions. Season 1990/91 was a particularly good one for Gresley. In addition to the League Title and the Derbyshire Senior Cup win they also reached the final of the F.A. Vase and so had the honour of playing at Wembley. Their opponents were Guiseley and some National Newspapers reported it as 'the most exciting Wembley Cup Final ever'. Unfortunately, they only drew before losing the replay.

Paul Futchter was appointed manager with Garry Birtles, former England International, his assistant on 2nd November 1995. The season 1996/7 was the best in the Club's long history because in addition to retaining the Derbyshire Senior Cup they also won the Dr. Martens Premier Division championship. Rovers were unbeaten in their first seventeen league games (won 10 drawn 7) and were league leaders for 31 weeks. The title was finally won with a 3 - 1 home victory against Gloucester City at the Moat Ground on April 26th 1997. Gresley Rovers became the first Derbyshire side and first village side to win this prestigious trophy, but ground grading meant that they were unable to gain promotion to the Football Conference.

After financial difficulties, Gresley Rovers liquidated at the end of the 2008-09 season, forming a new football club, Gresley F.C.

Gresley FC

Gresley FC was formed in 2009 and enjoyed a very successful first season in the East Midlands Counties League. The side, managed by Gary Norton, finished as runners up and therefore narrowly missed out on promotion. Gresley also enjoyed a long run in the FA Vase by beating Spennymoor, Dawlish and Long Buckby. The Dawlish tie in particular will live long in the memory as the original tie was abandoned in extra time and the Moatmen won the replay in South Derbyshire on penalties. The Vase run came to an end in front of the home fans in disappointing fashion at home to Whitehawk in the quarter-finals.

2010-2011 Gresley's second season as a club and also their second in the East Midlands Counties League saw another good FA Vase run getting to the last 32 and then going one step further from the previous season by winning the league after an exciting run-in. Being a few points behind the leading contenders Gresley could not afford to slip up again after an unexpected home defeat in early January if their dreams were to be realised. An amazing 20 game unbeaten run with the final 8 all victories saw Gresley crowned as champions and promoted into the Midland Football Alliance.

Season 2011-2012 saw another good run in the FA Vase reaching the last 16 and to top off a superb season Gresley achieved a remarkable back-to-back title success as they lifted the Midland Football Alliance title at their first attempt and promotion to the Evo-Stik NPL Division One South.

The first season back at level four was successful as Gresley settled into the Division One South. Gresley finished just outside the top ten in the league and reached the 3rd Qualifying round of the FA Cup. At the end of the season joint manager Gary Norton stepped down with Martin Rowe named as manager.

GRESLEY ROVERS HISTORY CONTINUED

After losing their first two league fixtures of 2013-2014 and then an indifferent spell up to Christmas Gresley managed to stabilise their performances and ended the season in a credible 9th place. However, in both the FA Cup and FA Trophy Gresley had good runs going out of the cup after forcing Conference South outfit Brackley Town to a replay after a good draw at St James Park in the 2nd Qualifying Round and in the Trophy they took Conference Premier side Wrexham almost all the way in the First Round Proper losing by the odd goal in three at the Racecourse Ground. In September 2014 Martin Rowe resigned and his assistant Wayne Thornhill was appointed as first team manager at the end of October.

Wayne, along with his assistants Jamie Barrett and Russell Peel, turned the season around and they finished in a creditable fifth place making the play-offs where they met Leek Town at Harrison Park who narrowly beat the Moatmen by a single goal. An appearance in the Derbyshire Senior Cup Final at the home of Chesterfield FC ended with Gresley as runners-up losing to Evo-Stik Premier side Matlock Town. At the beginning of September Wayne stepped down and Dave Langston appointed as caretaker manager. In October Scott Goodwin was appointed as manager with Jamie Barrett and Gary Ricketts as his assistants. After a disappointing run of defeats Scott was released and Gary Ricketts appointed as player/manager assisted by Jamie Barrett and Dave Langston. The 2015-2016 ended with Gresley in a disappointing 16th position. Ricketts stood down as manager and former Leicester Nirvana

manager Damion Beckford-Quailey appointed in the close season. Damion's first season started well but the loss of three key players around Christmas time saw his side struggle for the rest of the campaign finishing in 18th position.

His second season, 2017-2018 was not much better but it ended in a disappointing manner when the manager, management team and most of the players left the club with just four games remaining and the danger of being relegated. Former Moat boss Gary Norton stepped in to steer the club to the end of a trying season and using a mixture of reserve and youth team players managed to keep the club in step 4 finishing 17th. Norton agreed to take on the role of manager for season 2018-2019 and along with assistant Carl Slater and player/coach Jamie Barrett have started to rebuild a side that hopefully be more competitive than the last two seasons.

Early in January 2019 Norton stood down and Gavin Hurren was appointed as manager. Unfortunately, at the end of the season, Gresley were relegated from the Evo-Stik East to the Midland League. Hurren left early in the new season to be replaced by David McDermott. Gresley's results failed to improve and in February McDermott was relieved of his position. Former manager Gary Norton again stepped in to steer the ship until the end of the season.

Gresley Rovers Return

During the summer of 2020, the Gresley FC board met to discuss the possibility of re-naming the club and a unanimous decision

saw the Gresley Rovers name return to non-league football. Joint managers of Carl Abbott, Gary Norton and assistant manager Paul Thomlinson had the job of recruiting their players after the previous season was curtailed due to the Covid-19 pandemic and non-league football allowed to start again.

After a stop/start end of season the FA completed their reorganisation of non-league football and Rovers were placed in the new United Counties North Division under the leadership of Carl Abbott.

2021-2022 proved to be a successful season finishing runners-up in the United Counties league but gained promotion due to points-per-game and are now members of the Northern Premier League Midland Division for 2022-2023.

A difficult first season back at step 4 ended with Rovers gaining the points to enable them to keep our place in the Northern Premier League Midland Division for another season.

2023-2024 was a deeply disappointing season for Rovers. A poor start saw manager Carl Abbott relieved of his duties in October and Marc Strzyzewski appointed but things did not improve and after a relegation position for most of the remaining season and relegation to Step 5 saw Strzyzewski also let go during the close season.

Carl Abbott returned as manager for the new season

GRESLEY ROVERS IN THE COMMUNITY & ACADEMY

"To improve the lives of people within the local community by increasing participation in sport, and putting Gresley Rovers at the heart of the community"

Hello, and welcome back to the Moat Ground!

Our season is well underway for all of our teams from reserves down to our under 13's, with our 13's – 16's starting last weekend in the Midland Junior Premier League.

Our u13's started their first season with us last weekend after a successful trial period all the players and put in a positive performance at home vs Blaby & Whetstone. It's really an exciting time for the new group.

Our reserve team have had some mixed fortunes in terms of results since the start of the Central Midlands Alliance Premier.

With a packed schedule of Saturday and Tuesday games throughout August and so far in September, it's not allowed the team to train with many of our younger players in the squad (some still only 16), adapting to the challenges of playing senior football.

To find out more around all of our squads, follow our social media:

X: @GresleyAcademy
Facebook: Gresley Rovers Academy

Under 18's through to next round of the FA Youth Cup

Congratulations to our under 18's who last week went through to the next round of the FA Youth Cup beating Eastwood CFC at Eastwood.

They now play away at Newcastle Town on Thursday. The 3rd qualifying round is the furthest a youth team from Gresley has managed to reach so we wish them every success.

The under 18's have been drawn away against Birstall United Social in the next preliminary round on Thursday 19th September.

Sunday Coaching Club (4-12 year olds)

Our Sunday Coaching Club sessions are for children aged 4-12 years old which we split into 3 separate age groups for the sessions.

We do not look to put them in teams at this age as our focus is to work on a different football specific topic each week (dribbling, passing etc).to improve and develop their fundamental football skills.

Due to the popularity of the sessions, we run two sessions; 9am - 10am, and 10:15am - 11:15am at £5 per session payable upfront for the month, with the first 2 weeks being free!

If you are interested in joining our sessions please email:
matt.toulson@gresleyrovers.com

Enjoy today's game and Come on you Moatmen!

Matt Toulson
Director of Football (Youth Development) and Community
